## Program Manager II Interagency Projects

**SALARY RANGES: \$134,436.64 - \$163,425.60 Annually**

The Program Manager II – Interagency Projects is responsible for establishing and implementing a program to intake and evaluate proposed project materials from external partners (primarily Valley Water) and develop agreements for approved projects to occur on and/or provide access to park lands while minimizing impacts to parks and its visitors.

In addition to meeting the employment standards, candidates must possess the following:

- Experience with reading, interpreting, and understanding capital project construction drawings, environmental reviews, permitting, and other associated reports.
- Experience with negotiating, reviewing, interpreting, and developing agreements involving multiple agencies.
